

VICIUS Barrica

Albariño

2018

TASTING NOTES

Visual phase: Lemon yellow colour with golden hues that specially favor its final sheen.

Olfactory phase: To the nose it presents a very pleasant aromatic intensity, where the fruit aromas of the albariño grapes intermingle with the new aromas provided by its aging in barrels, such as the sweetness of vanilla, the mild toasted aroma of coffee, or even coconut.

Tasting phase: To the mouth it is ample and dense, with an integrated acidity and a lengthy persistence that turn its aftertaste into a lingering memory.

AWARDS:

ACIO PRATA CATAS DE GALICIA 2020 :
The best Albariño D.O. Rías Baixas in barrel.
